

Coming Summer 2021

The new way to schedule

Coming this summer, we're rolling out a new time and scheduling tool called TeleStaff that will provide real-time visibility to the duty chart, schedules, accruals, leave requests and overtime opportunities.

This technology will be used exclusively for certain roles within the Police Department, FRES, and the Sheriff's Office. If you have not seen the video on what TeleStaff can do, please click on the video link to watch the tour below.
